Chapter 1 by Zacky D I guess

Hello there,Um..

In case you can't tell I'm really bad at starting stories.

So, long story short, I'm trapped inside a computer because my computer was struck by lightning while i was using it.

I Knew that putting a computer on the patio was a terrible idea.

But anyways, This story is going to be very long whether or not you can help me out of my computer.

So....Why don't you write a nice story to keep me entertained while i try to find a way out of my computer.

I warn you though, i'm a very picky reader.

Um.. I am not really a picky reader, I'm just interested in listening to your story.

Its just like when I used to work at my office. I always had those headphones plunged deep into my ears. Metal... Blues... Country... who cares what music was playing, as long as something was playing.

It's the same way now. This getting out part looks a little tougher than I thought. So keep me busy with your story.

Don't get me wrong though. I would have definitely liked to listen to you sing, but it seems that there is something terribly wrong with my microphone.

...

Sorry, i mean the computer's microphone that I am stuck inside. Gosh! Need to find a way out fast or I might forget what's my own from what's the computer's.
